

DISTRICT AFFILIATE PROGRAM FOR SCHOOLS

WHO WE ARE

The Pittsburgh 2030 District is an internationally recognized, locally driven initiative facilitated by Green Building Alliance—a nonprofit organization working to improve the built environment for the past 25 years.

WHAT WE DO

We support local building owners and managers as they strive toward 2030 District goals of 50% reductions in energy use, water consumption, and transportation emissions by 2030, while improving indoor air quality.

BENEFITS OF BECOMING A DISTRICT AFFILIATE

- + Individual reports of your committed buildings which includes yearly data of all utilities
Technical assistance/expertise on all building projects, upgrades, retrofits, etc.
- + Discounts on trainings and other Green Building Alliance (GBA) events
- + Support in complying with local legislation regarding benchmarking
- + Discounts to quarterly educational Bridge to 2030 events, which provide the following:
 - + Relevant topics such as energy efficiency upgrades, water retrofits, electric vehicles, building rating systems, indoor air quality, and more
 - + Networking opportunities with other building owners, managers, and interested community members

HOW TO PARTICIPATE

1

Contact Ellen Conrad (ellenc@gbapgh.org) & send a signed non-binding commitment pledge

2

Become an Organizational Member of Green Building Alliance

3

Make a good faith effort to reach 2030 District goals

4

Share best practices, lessons learned, case studies, & resources with the Pittsburgh 2030 District when applicable
